The Game Changer.

The new proLine washing machine from Schulthess revolutionises the washing experience

It's never been easier to save time, cut costs and protect the environment while getting more laundry done: The new proLine from Schulthess gives a boost to laundry washing. With the fastest washing programmes currently available, you can manage up to 500 more laundry loads each year. Thanks to perfectly aligned programmes, you save electricity and water with every wash. These high-quality industrial appliances for professionals are as robust and durable as ever. Swiss quality that pays off.

Bring a top professional into your team.

For new washing records with guaranteed hygiene

The latest generation of our state-of-the-art commercial and industrial appliances has been adapted to sector-specific needs. Professional cleaning is guaranteed because of the multilingual operation panel and profiClean programmes. With wetClean, for example, you have a cost-effective and environmentally friendly alternative to dry cleaning, and germs have no chance thanks to disinfection programmes.

The new generation of machines in an overview.

'Expert' key features

Fastest washing programmes: save time and money; large quantities of laundry and more loads in less time

Swiss quality: durable, robust and low-maintenance

24 freely programmable positions: save specific programmes for perfect washing results every time

Most efficient technology: low energy consumption

Simple touch operation: same user interface as on any other Schulthess appliance

All models are available as digitally connected

'Expert+' key features

The Professional version also includes the following additional features:

wetClean: environmentally friendly, gentle laundry care

Disinfection programmes + hygiene monitoring: hygienic, clean and germ-free laundry – without fail

Favourites: sorted by popularity and making everyday life easier at the touch of a finger

profiClean group: predefined user-specific programmes to make things simpler

Quickwash: freshen up wrinkled or newly bought clothes in 15 minutes

Every professional needs a perfect partner.

It's all about drying

No matter how efficient powerful washing machines are, if the laundry builds up in front of the dryers, the time advantage is gone. Therefore new dryers are also a part of the new proLine generation from Schulthess. These professional dryers also boast speed and great savings potential. Benefits in an overview:

'Expert+' key features

Fastest drying programmes:
saving time and money

With exact moisture measurement:
reliable, optimal drying

Most efficient technology:
optimised waste heat recovery, low energy consumption

Integrated Schulthess operating concept:
operation and cleaning with maximum comfort
