

Liquid detergent for delicates and colours

Product No

E522850

Properties

- proof of fungicidal efficacy according to EN 13624 by two independent expert opinions
- excellent dermatological compatibility of washed fabrics (cytotoxicity test according to DIN EN ISO 10993-5)
- pleasant laundry fragrance
- free from optical brighteners, bleach agents and phosphates
- unpleasant odours are a thing of the past
- foam-regulated

Application

FLOW delicate is a highly effective, liquid colour detergent for the professional care of washable outerwear, sportswear and workwear (PPE, work and corporate identity clothing) as well as laundry from the hotel and catering industry.

FLOW delicate is a must for a successful wetClean process as it cleans fabrics gently and effectively.

For commercial use only. This leaflet is for non-binding information only. The information is based on our current knowledge and experience. Dosage recommendation

g (ml)/kg laundry

Water hardness*			
Hardness area	Prewash	Main wash	Only main wash
0–8.4 soft	8 (2)	5 (1.3)	10 (2.5)
8.4–14 medium	10 (2.5)	6 (1.5)	12 (3)
> 14 hard	12 (3)	8 (2)	15 (3.8)

*You can find out the degree of hardness or the water hardness in degrees of German hardness from your local waterworks.

Technical data

Density (20°C) 1.02 g/ml

pH value (1%) 8.5–9.6

Notes

Storage:

FLOW delicate should be stored away from frost, although the solidified product can be reused without loss of quality after thawing. After removal of partial quantities, the container should be resealed. The product can be stored for at least 24 months in the sealed original container.

The amount of product used must be adapted to the degree of soiling and the water hardness.

** Use biocides with care. Always read the label and product information before use.
