

Detergent

FLOW lizerna sept

Liquid bleach and disinfectant concentrate

Product No

E522854

Properties

- hygienically effective even at low temperatures
- ideal additive for pre- and one-shot detergents for stain removal
- can be used in all machines
- the FLOW delicate / FLOW lizerna sept** disinfection washing process meets the requirements for hygienically safe and gentle care of high-quality and wash-sensitive fabrics

Application

Use as bleach agent:
5–15 ml per litre of liquor

Technical data

Density (20°C) 1.13 g/ml
pH value (1%) 2.0–3.0

Notes

Storage:

Protect from direct sunlight. Store in cool, dark rooms. Ideal storage temperature –5°C to +30°C. Do not allow concentrated product to come into contact with organic and other concentrated cleaning agents and disinfectants.

For safety reasons, we recommend handling only in original containers. Original sealed containers have a shelf life of 12 months. After that, the effect slowly wears off.

Measures to protect the environment:

Avoid discharge into the environment. Do not allow undiluted product to enter drains.

* Use biocide products with care.

Always read the label and product information before use.
