

Detergent

FLOW refresher

Concentrated odour absorber

Product No

E522858

Properties

- FLOW refresher is a liquid, concentrated odour absorber
- FLOW refresher reliably removes unpleasant odours using water-soluble active ingredients
- Depending on the process, FLOW refresher can be used in the washing or rinsing cycle
- FLOW refresher is suitable for all types of fabrics and can be used in all appliance systems

Application

FLOW refresher is used in the pre-wash or in the last rinsing cycle. The pH value of the suds should not exceed 10. In wet cleaning, FLOW refresher is added to the main wash.

Ecology

FLOW refresher is free of chlorine, APEO, EDTA and NTA and meets the requirements of Regulation EC 648/2004 on detergents.
