

pollenClean

Spring fever for allergy sufferers

pollenClean from Schulthess.

It's green and blooming – spring is the most beautiful time of the year! Really. But not for allergy sufferers. While others enjoy the first warm rays of sunshine outside, everyday life becomes a misery for them: pollen causes sneezing attacks, swollen eyes and a blocked nose.

Even non-washable items become pollen-free

With pollenClean from Schulthess, such complaints become a thing of the past! This is because Schulthess dryers with pollenClean filters effectively remove pollen particles from fabrics, no matter how fine and minuscule they are. What's particularly clever is that you don't have to wash the laundry separately. Even non-washable items such as blankets, curtains or jackets with edgings are freed from pollen within a few minutes. Spring without pollen – at last!

Remove plant pollen

**Protects the environment &
your fabrics**

Enjoy spring

Schulthess dryers can do more.

**POLLEN
CLEAN**
edition

The Schulthess dryer with pollenClean enables allergy sufferers to breathe a sigh of relief: place fabrics in the dryer, select the pollenClean programme and you're done. You can rely on the integrated pollen filter: it filters even the smallest pollen particles out of the laundry. The filter can be used multiple times and is very easy to replace.

The pollen filter is very easy to replace.

Kind to fabrics and nature

But Schulthess dryers can do even more: they dry extremely gently. They are even suitable for demanding fabrics – and trainers! This is made possible by the gentle drying process together with the drying basket. Schulthess dryers are also kind to the environment: they have been awarded energy label A.

Smart and beautiful: Schulthess machines.

Modern design, outstanding technology

Schulthess appliances are full of innovative technology in premium quality – and it shows. Their purist design in various trendy colours shows what they are made of, even from the outside. So that washing and drying laundry is fun and the appliances also look good in the living room.

In a nutshell: individual programmes

Schulthess washing machines and dryers are real all-rounders. The programmes are precisely matched to the type of fabric and degree of soiling, the machines only need as much water and electricity as is strictly necessary and they wash and dry as quickly as possible. The results are impressive, while the fabrics are optimally protected.

Developed for high demands.

- Garments, blankets, curtains and other items – even non-washable ones – are effectively freed from pollen. Gently and quickly.
- The pollen filter can be used multiple times and is very easy to replace.
