

Service packages for professional laundries.

Schulthess Service packages have it all: They relieve pressure, create transparency and ensure process reliability. This is ensured not only by our range of services, but also by the professionalism of our service technicians.

For a secure feeling.

Machines in professional laundries are often in use around the clock. A breakdown not only causes mountains of laundry to pile up, but also jeopardises process reliability. With Schulthess, you have a reliable partner at your side:

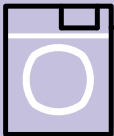

Perfect settings: We guarantee economically and ecologically optimised machine settings. For reliable operation and predictable costs.

Trouble-free in no time: We remedy faults quickly and flexibly within 24 hours. For guaranteed process reliability.

Extreme durability: The longevity of Schulthess appliances is legendary. Which is why machine spare parts are available for many years.

Fully Swiss: We develop, plan and produce our machines in Wolfhausen in the Zurich Oberland. And thus rely on Swiss premium quality that pays off.

Schulthess Service packages for every requirement.

Service packages:

	Functional check	Safety testing	Cleaning	Disinfection	Repairs	Wear parts	Spare parts	Travel time	Winding	Oil change	Programming
All-in-one package	✓	✓	✓	✓	✓	✓	✓	✓			
Warranty extension		✓			✓	✓	✓	✓			
Maintenance	✓	✓	✓	✓				✓			
Rotary ironer maintenance								✓	✓		
Separate oil change*								✓		✓	
Maintenance of dosing systems**	✓		✓		✓	✓	✓	✓			✓

Functional check

We check the electronics, mechanics and settings of your machines and, if necessary, adjust them as required.

Safety testing

We carry out the legally required safety inspection of your machines in accordance with the statutory VDE 0701-0702 industrial safety regulations.

Cleaning

We clean rubber rings, filters, drawers and the interior of your machines and remove fluff professionally.

Disinfection

We use a special agent for the professional sector to disinfect the washing drum, the chrome steel washing liquor tank, the filters and the drain of your machines.

Repairs

Our service technicians remedy faults quickly – their first-time repair rate is 90%.

Wear parts

We always carry a wide range of wear parts and replace worn parts immediately on site.

Spare parts

We have most spare parts with us and can use them straight away. If not, they are ordered immediately and are available in the shortest possible time.

Travel time

Our service packages include the journey and working time of our service technicians.

Winding

We rewind your rotary ironers. This ensures reliable operation and a long appliance service life.

Oil change

We carry out the oil change on your rotary ironer. This prevents faults and ensures flawless operation.

Programming

We programme your machines to your precise requirements.

On-call service is not included in the service packages.

* Only for rotary ironers

** Maintenance is carried out by our subsidiary Chemie AG

Ideally equipped if the worst comes to the worst.

Schulthess Service is your professional for all eventualities: Because faults do not adhere to opening hours, we are there for you around the clock. If it's urgent, we'll be on site quickly to resolve the problem.

Our professionals are one thing. Our service packages are another. Because with these you are on the safe side. Not only are you protected from unpleasant surprises, but you also extend the service life of your appliances. This is because Schulthess Service packages include maintenance as well as troubleshooting. Because looking ahead always pays off.

Schulthess Service packages for guaranteed process reliability!

Schulthess Service packages: always fit.

All-in-one package:

The comprehensive solution at a preferential price. A combination of the warranty extension and maintenance service packages.

Warranty extension:

Calculate transparently. With the warranty extension, the risk is calculable – even after the warranty period has expired.

Maintenance:

Care that pays off. Your machines are professionally cleaned, disinfected and put through their paces every year. This minimises electricity and water consumption and extends the service life of appliances.

Rotary ironer maintenance:

Professionally rewound. Our qualified rotary ironer winding service applies to rotary ironers of all brands. Rotary ironers are also checked and maintained.

Separate oil change:

To keep things running smoothly. An oil change is due every now and then to ensure that the machine functions perfectly. We'll do it for you, and you'll enjoy appliances that run reliably.

Maintenance of dosing systems:

It's the dose that counts. The annual function check, cleaning, programming, titration, any repairs and process documentation ensure that your dosing system works perfectly.
